This is a SOLID WOOD product:

We inspect all wood, and follow guidelines to pass quality inspections. Solid wood furniture has knots, small cracks, and what may look like blemishes. These characteristics are a natural by product of producing furniture from natural material.

We take extra care with our drawer parts:

1. We use real wood drawers sides.
2. The drawer sides are not painted to help protect your clothes from chemical odors and residue.
3. Finely sanded drawer parts eliminate snags when storing your clothes.

COMPLETED ASSEMBLY:

CARE INSTRUCTIONS

Wipe with a clean dry cloth to dust the product.
To clean fingerprints, and scuffs: rub with a slightly damp cloth and a mild cleanser.
Then wipe dry.

MAINTENANCE INSTRUCTIONS

You can disassemble and reassemble your furniture.
To help this, you do not assemble with a power tool to tighten screws.
After repeated assembly, you may find the screws loosen.
Simply tighten them again, and if needed replace with a slightly larger screw.

(You can repair scratches using wood repair crayons found at your local home improvement store. Go to the paint department.)
